Milford Lake

Reservoir Sediment Management Workshop

July 20—21, 2016

Manhattan, Kansas

Come participate in a two-day workshop/brainstorming session sponsored by the State of Kansas and the U.S. Army Corps of Engineers, Regional Sediment Management Program and Kansas City District.

July 20, AM: Big Picture Session

- The problem
- Solutions
- Hands-on demonstrations
- Funding and regulatory considerations

July 20, PM: Technical Session

- Measuring sediment properties
- Screening promising alternatives
- Computer modeling

July 21: Milford Lake Brainstorming Session

- Milford-specific presentations, discussions, and brainstorming
- What are the most-promising options to carry forward at Milford Lake?
- What don't we know yet?

Full agenda to follow.
